

# HORIZON RENOVATIONS LLC

*"Reaching Beyond the Expectation"*

44 Hillsboro Street, Pittsboro, NC 27312 | horizonrenovationsllc.com | 919-542-4442 | Showroom Hours: M-F 9 AM - 5 PM

## Congratulations!

Horizon Renovations is led by owners and brothers, Kevin Frazier & Chris Frazier. They have over 35 years of experience in luxury residential remodeling and new construction in Chatham and Orange Counties. In addition, they specialize in custom built cabinetry and have a custom cabinet shop in Chatham County. Our director of operations, Paul Marnikovic, has over 15 years of experience in corporate business operations and residential remodeling. Our sales manager, Mark Musci, has over 30 years of sales experience including 10 years selling unique and high end countertops. Our in-house design specialist & architect, Marcela Velez-Silva, has over 15 years of experience drawing in AutoCAD and as an interior/exterior designer. Our on-site crew of Melvin Molina, Ramon Barbis, Jerry Tredinnick, and Lalo Cisneros (who collectively handle day-to-day field operations on all job sites) are an integral part of Horizon's winning team. Our Showroom located in Downtown Pittsboro showcases fully functional custom built kitchens AND over 3,000 inventory items ranging from cabinets, countertops, tile, sinks, faucets, showers, knobs & pulls, HW floors, carpeting, lighting, AV equipment, ceiling fans as well as intricate woodworking finishes with our moldings, arches and columns.

The above renovation was winner of 2 categories at the 2016 Remodelers Outstanding Construction Awards hosted by the Home Builders Association of Durham, Orange & Chatham Counties. The "Best Outdoor Living Award" and the "People's Choice Award." It was a unique transformation of an existing 3 season porch into that of a 4 season veranda designed to be a relaxing get-a-way without ever have to leave home. A combination of "old school" (vaulted ceilings and exposed beams) and "new school" (wirelessly controlled LED "up lighting" and radiant heated flooring) made for a perfect blend and level of sophistication to satisfy any homeowner. The homeowners required a certain flow so that "the project must look like it was never added on." Custom windows, custom doors and exposed beams (made from reclaimed timber shipped all the way from Pennsylvania) were all on the list of the owner's specific needs. The landscaping could not be disturbed, so naturally, a custom "catwalk" was designed and built to accommodate the request.
